Over credits application	2017/9/27(Wed) 09:00 to 17:00 <u>Accept "hard copy" application. Please perform within the time frame</u>	All systems and grades	Over credits application (Must conform to the over credits application rules. Fill out the Over Credits Form and submit it to Academic Affairs Office after the approval of the instructors and unit supervisor. However, if the maximum seating of the classroom is reached, the application will not be accepted)

- I. Only "online" course registration is accepted (except for over credits); students shall confirm the add and drop results during the "course registration period" by logging onto the "student information system"; the results in the computer system prevail.
- II. The online course registration system is subject to traffic load. Please try again if the add/drop page cannot be logged in. Please contact Course Division (extension 3114, 3116, 3110, 3111, 3120, 3131) or Information Office (extension 3511) if unable to log in.
- III. For delay graduation application, please apply online for the delay graduation and course registration within the regulated time stated above.
- IV. The single log in time of the course registration system is 10 minutes. System will be automatically logged out if idle for 3 minutes. One account can only be logged by one computer at the same time. To avoid network traffic, please confirm the course information on the "search for courses" system.
